Just got this, going to start to get it set up this week and see where we go. Will report back here once ever is up and running. This isn't a quick method (just based off reading it). But it's minimal on the effort if you front load the work. Appreciate the share.

The screenshots looks a lot like chaturbate payout confirmation emails, guess it's related to dating sites, maybe social media e whoring. I wouldn't bother buying it, and it's 2022 stuff
