Thread: [User that is banned left me a false dispute](#)

Beaks - May 22, 2022, 6:20 pm

A user that is now banned has left me a dispute to get in contact with me. (Instead of using HF PMs/convo, etc).

I responded and sent him several details but he did break rules and now is a banned user.

How do I get this removed? My 1 neutral, 1 negative, and 1 open dispute are all from 3 different users that either scammed me or left it just to get in touch with me. Seems like complete bogus.

1 month from dispute date or ban date?

Dispute was opened on 4-17-2022 so over a month ago.

Looks like last online was 04-24-2022 (Ban date). So just under a month ago.
