Chargeback money if you sent over Paypal.

The guy was claiming he is making thousands from Bustabit, but scam for pennies. Sorry for your loss OP.

Hell - May 26, 2022, 7:07 pm

The guy is on a exit scamming spree. Deal with caution.

EnG1ne - May 26, 2022, 7:17 pm

How is that idiot still scamming after so many reports and disputes opened in the last 24 hours?

No active staff to take him down?

XRated - May 26, 2022, 10:36 pm

Im not quite sure this user ever paid me I'm not seeing any pms or communication about a transaction as far as I'm concerned it's an incomplete contract.

I was a dumbass for going first. He had many positive ratings for exchanges so I thought it would be safe but I guess I was wrong. It is sad since it was only for \$40.

No you weren't a dumbass, you did what made sense.

Sorry you got scammed.

Yes it is unfortunate. I'm just glad it was for such a small amount. Another of his scams is for over \$500+ BTC on another member.

I've added screenshots to prove that you're lying. What kind of person scams for \$40? If you were down that bad I'd of just let you have it. No need to be a degenerate about it.

Really sorry this happened to you OP. Before you do any future deals on HF, please verify your discord on-site and make sure the person you are talking to has done the same.

I hope the disputed member is not exit scamming since he still seems to be active here.

Looking at the pictures the deal was made through hf convo.

Yes the conversation took place entirely on this website. The user has made no attempt to remedy this situation and has even lied about saying I didn't make my payment and that I asked him to go first which I never asked him to go first and I clearly made my payment.

Ya that typically happens they hope they can just squeeze out a few more deals before the account is done.

Sorry for your loss op. Atleast it wasn't a very expensive one. Hopefully you can learn from this. Always use a trusted middle man and check a profile well before dealing.
