Edit, \$25????

It's \$70 the \$25 was solid but the \$70 was on a uncontracted deal but im disputing it eitherway [warn]

Discord tokens are way more expensive than that. Especially with verified email.

Good Luck recovering your funds!

Your account should be closed if you are dealing without contracts. Just sayin.

"Because he had built a solid reputation off site"

I'm assuming the other deal was done on another site, not a non-contracted HF deal.

You can't dispute a non-contracted deal.

This is true, his original dispute should of clarified that it was the \$25 deal he made the dispute about.

But, we would need clarification before taking action whether this deal was made on-site or not.

Edit: In my opinion, obviously I'm not the Staff member here.

You do realize what you're saying sadly makes this Deal Dispute you opened invalid right?

The deal linked to the contract you're disputing went smoothly based on what you're saying, which makes this whole dispute useless.

Trusting a registered user can be tough, and sorry you trusted him from off-site glad you dealt on-site at least. Hope you are repaid what you are owed [wtf](#)
