I actually made that award.

And it's literally the cheapest purchasable award on HF at \$15.

Just wait for it to come back into rotation. He changes the rotation about every 4 to 6 months.

Edit: oh look! I just got one too.

That's wonderful you have a dream.

Usually being LGBTQ+ enough to getting any awards, but there is too many minorities recently they can't reward all of them.
Besides being gay is already reward from God.
