Threatening - May 29, 2022, 5:57 am

Since i can't edit my old thread anymore i'll make an updated one here since things have changed a bit.

I'm currently offering the following:

- Online discord members (NFT) (With profile picture & unique name) | \$60/1000
- Online discord members (With profile picture & unique name) \$40/1000
- Offline discord members (With profile picture & unique name) \$20/1000

I'm also doing Friend Request bombs on discord if anyone's interested in that.
If you have any questions feel free to shoot me a message!

I accept any kind of cryptocurrency.
