???

So much for trust the jab....

Quote: The leader of the network was a nursing assistant at the La Paz University Hospital, where he is accused of charging more than €200,000 euros for fraudulently registering 2,200 people as vaccinated in the National Registry against Covid-19. He has been arrested and is currently in custody.

He got good money for this.

Itachi Uchiha - May 30, 2022, 9:41 pm

(May 30, 2022 08:30 PM)phantomman55 Wrote: [\[CITE\]](#) but was it worth it for his job? Now he has a criminal record and loss that 200,000 euros.

If it's a "big pharm boss" as the title implies, he'll be fine. His company is probably raking in billions.
