I kept a track of the bets and the odds of each bet, however the last bet won at believe 13 odds but my trial had been removed before I got a chance to double check.

The above is based on 1 unit per bet.

Can't knock the service as I finished in profit.

I can't say I noticed much bank roll management, I would usually expect to be told how many units should be placed on each bet. If I was being really fussy I would like to see a write up of why each selection was picked, however that is just me being really picky!

I'll take a vouch for this and post results :)

Born2Help - May 30, 2022, 12:20 pm

What is the minimum amount to bet? Can I receive a vouch copy? I have never been into betting before. So absolutely 0 idea.

SantanDave - May 30, 2022, 12:24 pm

As someone who gambles daily I'd be happy to take a vouch copy of the service. I am already familiar with bank roll etc. from other tipping services.

From my experience here on HF. Betting Services are mostly luck rather than skill. I've tried few and results weren't good tbh.

Can you prove me wrong ? Please share any spreadsheet if you have with date logs. Make sure it's verifiable.

I'm also interested in vouch copy if there are more left. I'm betting very often and got some knowledge !

What is the most "you" won someone?

Do you have any screenshots of happy clients?

Be honest how many "L's" do you take before you win?

Is the betting doubling? Like I throw \$100 and get \$200?

Do I need any knowledge?

Intresting a potentially discoutned (if you want lifetime) but would like to know a few more things too.

The most i've won someone is 5.6k.

We have more wins than losses, so winning is something usual for us.

No knowledge is needed, we will help you with everything.

Add me on Discord and we can talk about subscriptions. I have no problems giving discounts since I just opened up my service.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

You posted those picks before the games but then it says edited after. Now I have no way of knowing whether you changed the picks or not.

Yea, I see you added 4/4 to show that you won all picks, but it would've been better if you made a new post so that one stayed unedited so I know for sure you didn't mess with who you chose to win the games. Just a pointer for next time.
