Found Someone, this thread is closed

Hey guys,

I want to make a beer bottle label which is in the standard size of 2.75" x 4.25", 3.25" x 4" and 5" x 2."

I have a picture that I want made into a cool cartoon and then the cartoon to be made into a beer label.

Paying for this. Please comment and PM me.

Here's an example:

Doubt you will find this kind of quality on this forum. If you're serious about the brand, you're better off hiring a real design studio and pay premium price for ultimate satisfaction

Lol it doesn't need to be this good. I'm honestly just making some beer at home and want to share it with my friends and family with my custom label on it. I'm not selling the beer.
