One punch man one of my favorites

Who are some bosses, you enjoyed him meeting in this few episodes in his earliest seasons?

Vip?r - June 6, 2022, 2:56 pm

Dropped it after an episode or two, didn't find the humor entertaining at all.

Rin™ - June 6, 2022, 7:32 pm

I really like show, but the manga is incredible. I read it on the Shonen Jump app and highly recommend it.

(Jun 6, 2022 05:22 PM)Tsundere Wrote: [\[CITE\]](#) I plan on re-watching it eventually. Still haven't gotten around to watching S2, so I'll be watching that after. ?

I remember everyone bashing S2 because a different animation studio produced the second season. I heard so many negative things that it threw me off of watching it for a while, but honestly, S2 was pretty amazing. Of course the art/animation wasn't like S1, but it wasn't anything like the way people were overreacting about it. I enjoyed it.
