Thread: [Facebook Account Checker / Cracker / Hacker - \\$50 LIFETIME](#)

SIM-3327349 - June 7, 2022, 5:42 pm

This checker is able to run proxyless, but it will be slow as there are required some sleeps, because of request limits. With proxies it's working much faster and without sleeps..

This is not webbrowser based bot, it's pure requests.. No captcha is required. Multithreaded.

Proxies supported:

HTTP/HTTPS

Socks4

Socks4a

Socks5

Price is \$50 for lifetime subscription

If you have any questions, feel free to message me here, or on Discord: G?R?O?W?#8018

By lifetime subscription I mean till Facebook won't patch this. If they do, I will try to fix it, but can't guarantee that I will success.

I can personally say this is Fast works well to.i saw it running when he made it.

Hilfiger - June 7, 2022, 6:20 pm

How long would it take to crack a password? Also, what is the success rate of this ?

SIM-3327349 - June 7, 2022, 6:22 pm

You have to import combo, it depends on quality of your combo list.

Basilisk - June 9, 2022, 3:02 am

OP was kind enough to give me a vouch copy.

The software is solid and easy to work without any bull, easy to use and very good for the price.

The checker can work proxyless or use proxies, works great either way. Works better than most checkers nowadays.

Very noob friendly, and if you don't understand the seller will guide you.

Highly recommend.

SIM-3327349 - June 9, 2022, 12:07 pm

Offering one more vouch copy to any UB3R.

CompletedMaze - June 9, 2022, 12:20 pm

How many attempts per second per proxy are we hitting (perhaps worth adding to the the title of the program during execution)?

If an attempt is successful, does the target get a notification of a login from an unrecognised location?

SIM-3327349 - June 9, 2022, 12:23 pm

If an attempt is successful, does the target get a notification of a login?

If it's successful hit, then it will be stored in txt file. Attempts depends on if you are running it with or without proxies. Also it depends on how many threads you set. You can run it with 1k threads, if your proxy and your computer can handle it. Or you can run it with 30 threads. So it's very individual.

First next order will have 50% discount.

kurorolucifer23 - June 13, 2022, 7:23 pm

How will it bypass facebook roadblock?

SIM-3327349 - June 13, 2022, 7:36 pm

(Jun 13, 2022 07:23 PM)kurorolucifer23 Wrote: [\[CITE\]](#) How will it bypass facebook roadblock? What do you mean by "roadblock"? This tool only check if email:pass is valid or invalid without using proxies or captcha solving services.
