Thread: [V Rising Server](#)

tank - June 7, 2022, 8:22 pm

Hey guys - I am opening a V Rising server that is going to be having it's first wipe on Friday June 10th at 430 PM EST.

PVP

US Eastern

[US Eastern] PVP - Bi-Weekly - June 10 172.240.212.44:27190

40 Person Server Size

2 person clan size

Raiding hours Monday-Friday are 7:00 PM EST through 12:00 AM EST. On the weekend the hours are 4:00 PM EST through 12:00 AM EST

We have changed the allowed castle hearts for players from the vanilla 2 to 1 to prevent too many bases per team. We have also updated the allowed distance between bases from the default 1 to 7 to help prevent people building bases next to you for the sole purpose of griefing. We are always going to be open to making changes that our community thinks would be beneficial to the server. I have applied for VOIP permissions and once it has been approved it will be added to the server.

The server is currently up if you would like to join but we are going to be doing our first wipe on June 10th at 4:30 PM (EST) any progress made between now and then will be removed.

We hope to see you there!
