If you're getting this reduced price the way I think you are, YouTube are cracking down on this method.

Does this include any warranty? What happens if 1-11 months in, the account loses premium?

Methods have recently changed and so has the description on the store that is why. Until a few weeks, credentials were not required as we were doing family invites. After YouTube's crackdown, we had to do away with family invites and now rely on individual upgrades - which require login.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.
