Thread: [How to grow YouTube channel HELP](#)

ParryHooter - June 14, 2022, 1:50 am

Hi guys,

I'm busy building a youtube channel, I already got 1.2k subscribers and 5.5k watch time. However new subs are hard to come by. Daily I get around 5-10 subs. I'm wondering would it benefit if my views are bought, subs bought. (Real HR views + Real subs) ?

Kinda want to grow hah, my videos are good quality. Uploading daily on a set time. Good topics, good SEO. Is it just me wanting to go too fast or is there something I'm missing ?

You got to have a network if you want to grow a Youtube channel nowadays. It is pretty much impossible (or really fucking slow in your case) to grow without one.

Buying views or subs will just be a waste of money, cause at the end of the day your main goal is to get dedicated viewers (which a bought view is not).

Send me your channel, I am curious to see what it is about.
