Thread: [Acima Financing \[Get Cash Today!\]](#)

ReviveTech - June 21, 2022, 7:18 am

I do not work for Acima, but have a contract through acima with my store.

I can offer you cash today via zelle or cash app. I take 25% cut.

There is no deposit, I send you link to the acima apply site for my store and then you send me your approval ID.

After that, we make a phone call to each other and I wire you the money through Zelle or Cash app. In return, your supposed to make weekly/biweekly or monthly payments back.

This is great for those who need cash.. If you'd like more information - please reach out to me in convo or PM.

If you don't have job, and a active open bank account.. that gets deposits.. you won't get approved anyway.

?

Please look into the company called Acima before commenting.

They own Rent a Center.

I give more information about shit in PM for those who meet requirements and get approved.

Approval doesn't mean shit unless my friend store accepts it.

Still doing this for people.

I take 25% cut.

I go into more information if you get approved. You literally don't lose anything or pay anything back.
