Need a real girl/model to partner with - I'll manage everything (traffic, tech, etc) to scale you on multiple channels (not just OF) and we split revenues 50/50.

If you already have OF or revenues coming in, we'll separate so we only split what's new that I generate you.

Not looking for someone who only needs a few grand a month, aiming to scale to +\$10k/week with one model.

DM me or comment below.

If you manage models, let's talk and arrange something (we can negotiate splits)

50/50 is a bit ludicrous unless you have evidence to prove you know what you're doing and not a leech

Not really considering we are only taking a split on what we generate, not what exists.
