I was watching the show and I have to say that it was an emotional rollercoaster. You're supposed to be sad that Rose, Steven's mom died, even though she came to Earth to destroy the planet, enslave humankind, and mine it's resources, but she kept a human zoo for shits and giggles. She also abused Pearl (whose sole purpose was to sing for Rose and look pretty for her amusement) who now has frequent anxiety attacks and mental breakdowns. And to think that this is a kid show. Pretty fucked tbh. I need therapy after watching this ???
