I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I saw the same trend myself but was giving it another day or so before I said something myself. But you now have your opportunity to see it in action and comment yourself.

Contracted vouch copies have been sent.

Vouch, Proxie sent the files quickly and account info quickly. everything seems to work fine!

Internet Bully - June 28, 2022, 12:03 pm

I can vouch for this, worked for what I need it for. And it wasn't even detected as a VPN so that was nice. Speeds are decent

That was the point I was going for when I decided exactly how to create the vpn in the beginning. But glad you liked it.
