Thread: [Cellular Service - Burners & 1 - 3 Month Service Plans](#)

Oxycodone - June 26, 2022, 8:02 am

These are legal service plans. They Are not carded or fraudulent.

Upon purchase , I will send the SIM Card via UPS NEXT DAY AIR to your address.

This is a physical item. Not a "eSIM" -- You will get a SIM Card that is Activated & Ready To Go -- Just drop it in your phone.

I Activate & Register The SIM's myself -- i can provide account info for each if needed. These are activated prior to shipment, so I know there is no problems with it before shipment. That's why I offer NEXT DAY AIR so you have the most of the service plan.

(Obviously WiFi Calling & iMessage Exists ... these plans support both.)

PS: If you have a UNLOCKED Phone these will work.

UNITED STATES ONLY

If Your Phone is locked, tell me the carrier and I can tell you if I have a plan that works with that carrier. If it doesn't work when the sim arrives, I'll refund cash you keep sim.

(5) "burners" - great for needing a number limited on texts & calls & data -- registering new accounts with verification -- or sending harassing messages to that ex of yours.

(1) Unlimited Plan - 3 MONTHS Unlimited Talk Text Data - 5G Speeds

(1) 3 MONTH - ONLY 6GB Data 5G Speeds (4G after 6gb is used)- Unlimited Text Talk

(1) 3 MONTH - ONLY 5GB Data - 5G Speeds - Unlimited Talk text

----- I Have More Than These, but I want to see how sales go before I go further.

Price? You offer what you want to pay. The max I was planning to charge was 40\$ for the Unlimited plan, but i feel more comfortable you making the price instead of me. With that said , you can offer anything under 40, anything above 40 will be denied.

These aren't meant to be renewed.
