Thread: [\[Acima\] Get Approved Today \[UNITED STATES\]](#)

ReviveTech - June 30, 2022, 10:40 am

I am partnered with Acima with my store.
Acima owns rent a center, feel free to google.
You can be approved from \$500 to \$5,000.

It does not go by credit, but usually income.
You "need" to pay back within 90 day same cash price, I give you method to bypass this...

All information is sent directly to Acima, all I see is a approval or denial and the amount.

America only, some states aren't allowed with Acima.. check that out before contacting.

We are paid from Acima the next day, you get paid from us same day as approval.
We charge 10% fee.

Any questions, please PM. I can only discuss very few things publicly.

Q. Why would anyone wanna do this?

A. Raise your credit, desperate for money and can't get approved at car loans or any loan place.

Still doing this, can show proof of people being approved and paid :)

I need more info.

So upon approval I won't have to pay it back?

Is there any risk of being sent to collections?

Do I need to talk to ácima or do any social engineering to the company?

I'm back in the office today and can complete these, please check pm.

Any questions from anyone please ask in PM, I don't want to give "To much info" out about this publically.

If you aren't able to apply - (not from america, or not old enough, dont have active bank account etc) then please don't waste my time.

I can answer some of this publically, rest privately.

Is there any risk of collections - from what I know of, no (but I do provide steps to prevent this) in pm.

Pay back - correct you don't HAVE to, but can.

Do you need to talk to acima - no.

ReviveTech - July 14, 2022, 8:00 am

Messaged everyone who messaged me and messaged those who asked to be messaged.

Please contact me today if you are interested in applying - as on weekends I am not at the store.

Thank you!

ReviveTech - July 15, 2022, 8:57 am

It's been 24 hours, so I think I'm allowed to update this again.

I've had 3 applications sent in the last 24 hrs, all denied.

Please make sure you have stable income and a bank account that has been open more than 3months.

Chime, Cashapp, Varo and any other "virtual" bank USUALLY won't qualify.

Thanks for taking time to read, and message me if you have any questions or want the link to apply!

This still is available, been off the site as I've managed to get plenty of applicants in from other spots. But here is for those who need some money and can use their real info to get a "loan".

johnwick4k - September 17, 2022, 7:56 pm

Send me PM if still interested.

Haven't been checking this lately.

You'll need to go to Acima.com and fill out form.

Get approved.

After approval:

I'll need ID picture, and we will jump in video call (people have been using fake names and shit and Acima has jumped on ass about it)

Video call will be literally short and sweet, I or my friend run the script they make us say informing you of "details about financing.

After that, we take our cut and you get the money either cashapp/zelled to you.

Takes 5 mins if that, just need approved.

Nebulii - September 25, 2022, 5:15 pm

I'm interested. I'll pm you about it.

-305- - September 28, 2022, 8:33 am

What is considered stable income? How much in deposits monthly would get us approved?

Markswap3 - September 28, 2022, 9:04 am

Pretty interested will pm soon

Deposits that the system can pin point in on whatever date/week you put in the application.

I'd say, \$1.3k+ would get you approved.

For anyone applying, or interested.. I have to call you and record video of me reading script that they provide. I still provide the method to bypass this, and also I do require license/photo id of some sort as they do make me upload that since these are supposed to be "in store visits" !!!

Goods - October 5, 2022, 3:07 am

If you are not approved by credit then it cannot raise your credit.
