I received a discounted copy since I was his first customer.

He replied very quickly. I went to sleep after I paid since it was so late, and when I woke up, I was upgraded and all ready to go.

All he needed was my email on the Adobe account. I have access to all Adobe software now.

Thank you, OP.

This is interesting...and VERY cheap. I already have a paid account...can I use the same account for this, or are you going to give me access to an account already?

It will be applied to your own personal account, no details will be given or received other than your own personal email. Thank you for the nice words; I like to provide the cheapest service available.

Hi,

Could you please confirm that 'personal account' means our personal account is upgraded? Or are we provided private credentials?

Cheers,

You'll be on the plan as long as this contract lasts (1-3 years); you will then be re-added to the next.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
