Thread: [\(CAD\) Steam balance](#)

Prettykitty - July 2, 2022, 7:33 am

I have steam account balance for sale,

CDN\$ 166.94 of steam gift codes redeemed inside my personal steam, can buy you items, games, etc. (My account region is currently set to Canada.)

Depending on what region you're from I can gift you the game.

Note that this doesn't work for all countries due to region gift restrictions see <https://help.steampowered.com/en/faqs/view/58D3-B80D-2943-3CC6>

I'm asking for at least 80%
e-Transfer for Canadians
Crypto is accepted for all

Just let me know the product you're interested in, and I can add you and see if it works to gift you it.

Thanks.

Also I will have another thread for my sale of USD Steam e-gift cards.

Thanks for reading.
