Thread: [How much ice cream do you consume in the summer](#)

Lynx - July 2, 2022, 3:31 pm

I find myself addicted to ice pops atm. I swear there's addictive substances in there.

I think I eat like 1-2 a day on average.

What about you fellas? What is your ice consumption like in the warm summer days?!

You are always on the grindset from what I've seen. Hopefully you can enjoy more per day/week.

Raymond Reddington - July 2, 2022, 8:57 pm

Not a lot, just a scoop or two or an ice pop every 4-5 days.

On my poll thread I made, a lot of people seem to prefer having cream in their mouth.

Deformed - July 9, 2022, 7:05 pm

I give in about once every 2-3 months and go for a tub of gelato

blackrose_x0x0 - July 9, 2022, 7:31 pm

I only have ice cream a few times a year and it's always a treat. But yeah ice cream is one of those things I never crave. I'm a weirdo who prefers Greek yogurt over ice cream anyways.

I eat icecream like 5 times a year, wish i did it more. But I do have a horrible habit of chowing it down like a dog and having the worst brainfreezes ever, so probably for the best I don't consume so much of it.
