Seeing what OP has posted in the HF Convo, I would have to say its him.

There's been a lot of cringe members in the past, however at this time it would have to be you.

I didn't when I posted, but I did see somebody else say so, I couldn't be arsed to edit. I won't be posting much anymore because I'm moving soon, home and job.

The thing about Cuthbert is, you can't doubt his sincerity. He comes across as antagonistic on here, but IRL I bet he does way more to help people and be a good samaritan than any of the rest of us.

That's a big shame! Yeah I wouldn't be mean about Cuthbert if he hadn't said that people who are braindead can be brought back to life and doctors are just killing them which.....is very personal to me.....and also just a very stupid thing to say but I think he was mixing up coma with braindead. He's upsetting a lot of members about different stuff but yeah he's not so bad and there's much worse. OMG that Alex multi guy that.....needs to be in care.
