Yes you could easily set up crypto payments, there are also ways to link crypto accounts to the gateway but won't discuss that here.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Paid for the product on 24th of april 2023 , still haven't got anything from the guy. He took \$99 btc , and just dipped basically. I already told him he can keep the money , but instead he just kept feeding me with bulls*it , like i'm still getting what i've paid for, even going to get a partial refund.

From 24/04/2023 till 22/08/2023 nothing except cheap excuses.
Last time he updated was on June 2nd

Just sharing my experiance.

If you did buy something and didn't get the product, then you should dispute the contract and then a

site admin will help you.

Thanks for advice bro , but it's long gone I've moved on ?

It was not that big of a deal to cry for \$100 , just tried to warn people about this ?
