I believe this is allowed.

Referring to the DBA document: <https://hackforums.net/misc.php?action=help&hid=21>

Quote:Dumps / Combo Lists

Providing accounts that don't belong to you, whether in trades, for sale, or free, dumps are not allowed. The definition of a dump is a file with logins, passwords, personal details or emails (marketing email lists are fine). We do define "combo lists" as dumps as well.

Thank you so much guess I will wait for a couple of replies just to make sure im not violating anything.

I also have another question? can you help in what category should a post like this would go into?

[Member Sales Market](#) should be appropriate for this product.

Consider upgrading as it will allow you to post threads in [Premium Sellers Section](#)

Good luck!

Marketing email lists are fine for sale under current site policies.
