You interested in doing a couch copy I gave out two of them and not sure why neither of the people left their vouch I used to have a vouch here but I believe the user deleted his vouch.

Hopefully the vouch copy goes well, if so I will definitely purchase.

This is a quick introductory into Doxing in only six pages and at a cheap price too. [Mr Tokyo](#) ebook provides ample information into completing a dox on a person for only \$5. It provides paid services as well as free services to use in your process. Thanks for letting me take a look at your product! Good luck with your sales. ?
