Thread: [TELEGRAM TORNADO - Launch Massive Campaigns and Get Sales - \[method\] \[earn 200\\$+\]](#)

TrueFalseKing - July 9, 2022, 1:32 pm

With over 700M users, telegram is one of the most popular and rapidly growing social platforms.

If you use telegram the right way, it could be extremely profitable in growing your business/getting sales in your niche.

There is gold hidden in plain sight, as advertising on telegram now feels like advertising on FB or IG back in the old days

I've started using telegram to advertise in 2021, and after learning to bot it, was constantly making 200-300\$ a day per sales on a service with 0 expense

What you will learn:

- Bot, proxies and number sources
- How to find good unsaturated target groups
- How to successfully send several thousand messages a day without getting detected by TG
- Lifetime support and updates

If you're selling a product/service that costs 50\$, you need 4 sales for 200\$. You only need 4 people to buy out of several thousands. If what you're selling is at least interesting, you could guarantee this amount.

Some extra facts:

- tg is unsaturated and could be an excellent source for sales, and it is excellent for niches such as adult, crypto, and gambling
- if you want to learn how to successfully bot tg, you will have to spend through trial and error more than what you're paying for this method

I won't be giving vouch copies due to my previous reputation in sales of botting mentorship, however, I will give a discounted first copy for 100\$

Another 4 copies will be sold for 200\$

Spoiler ([Click to View](#)) Terms of service:

- you will not use my methods for illegal purposes, I will stop the support in case you do
- this is a digital product so I can't honor refund requests

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Do you get the bot with your price?

TrueFalseKing - July 10, 2022, 2:05 pm

For clarification: I am not selling the software. And this needs additional investment besides the method price. The additional investment (software and proxies) don't exceed 20\$

TrueFalseKing - July 15, 2022, 1:03 pm

Offering more copies for 100\$

hackatton - July 15, 2022, 3:21 pm
