Requirements:

Bank statement for 3 months for address verification (most banks lets you download it on their site)
EU ID Card/Passport for identity verification
€13 Deposit

Recommended:

Revolut or any Irish bank (to deposit 13€ and receive it on aktio instantly since it's Irish, if you don't have it I can deposit for you)

Steps:

1. Open link <https://www.akt.io/app-referral/?referral=>
2. Sign up, enter real info
3. Once signed up verify address by uploading bank statement .pdf
4. Deposit 13€, go straight ahead and buy USDT (Tether)
5. Sell Tether for EURO
6. Buy tether again, sell for euro 4 more times
7. You should have your bonus now ranging from 10 to 200 Euro.
8. Wait for address verification (approx. 2-3 days) and then you can withdraw your deposit and your bonus and invite people and earn bonuses too.

Withdrawals to Revolut are instant.
