0 rating, asking recently for free [BRAND NAME REMOVED] methods, overpriced. Yeah Imagine someone falling for that

I mean you probably got scammed for 2\$ here so you hang around waiting for posts just so you can flame or whatever, as i said people are free to get the most vouched for mm's in the community to middleman it, i will explain it to the middleman, any vouched for traffic suplier and they can hold the bitcoin and release them if they confirm it's working. So you can go back into your cave fam

I can vouche for it for free but if you refuse, we can go for a contract with middleman, let me know what you choose.

runesmart - July 12, 2022, 2:43 am
