Sorry gave out a vouch copy already waiting on him to post read/post..

seems like no one who accepts a vouch copy actually reads or posts.

Next time I'll go with you or if he doesn't.

Sure thing. I don't get why people don't post either.

Already gave out a vouch copy, not sure why the person never left a review here.

Not going to be giving out anymore vouches as I've given out 5-6 vouches on different things the last week or so and only received 1 review (which is pretty sad)

Got one copy for half off today only let me know if anyone is interested.

Does this come with everything needed or is there steps like "Find a good ewhore pack"

PS, I'm happy to do a review for a discounted copy (Can put it in the terms on the contract and I've been on HF since 2008)
