4 kids and a wife. That's including popcorn but not the candy we purchased from dollar tree.

Smart man, when I go to the movies I do the same thing no point in spending the extra money on there overly priced candy just for the convenience.

Have you been forced to watch Zombies 3 yet? It's abysmal

It's really a "Don't think, just watch" movie. The story is the same as all the others, it's becoming old.

I've loved them all, I remember seeing the first one when I was a kid. One day if you have a son you will see how much they love Dino's lol this one sucked balls. Jurassic park badder then fuck in the old days really as a video guy I sure hope you feel the same, used to be incredible for it's time.

That's still crazy to me, think it cost me \$25 for 2 tickets when I went to watch Top Gun Maverick, and popcorn was around \$10.

I won't be seeing the new Jurassic Park now, thanks for the tip.

You also thought Breaking Bad was shit lmao why move my thread I added a content to the lounge as well?

I don't mind the new Jurassic World series. The second movie was quite bad imo. They need more dinosaur action rather than human action.

foxwalker - July 21, 2022, 9:49 am

I'm biased because I love Jurassic as a concept. I enjoyed the new movie, it was interesting that they introduced new elements. However the usual t-rex scene was very disappointing, it barely lasted a few minutes. Maybe it's not so important for most people but it's always my favourite part. :)
