Looking for mentors to get started in the wondrous world of “hacking”

DeepWeb - July 17, 2022, 2:53 pm

what is your main interest?

KayS - July 17, 2022, 2:57 pm

Currently getting started learning the fundamentals, if that answers your question! I only have a mobile device at the moment but I will be building a pc soon. Was considering taking an online coding “bootcamp” to get my foot in the door but then i said nahhhhhhh fuck that i can learn for free lol

A bootcamp won't just get you a foot in the door, it'll also get you through HR. Especially if a certification exam is involved.

Meantime, here: <https://github.com/linkinporkHF/grimoire>

Cheers!

National Crime Agency UK - July 20, 2022, 6:53 am

The cyber security industry is a great area to be in.

Make sure you choose a mentor that can explain illegal from legal hacking. On one side there is a vast array of legal career opportunities and the other side will have you looking over your shoulder the rest of your life.

Don't choose the wrong path, make the right Cyber Choices. To learn more about the legal uses for your digital skills visit www.cyberchoices.uk.

Please note: This is not a crime reporting channel, to report a crime contact your local police force. If you are in the UK you can report fraud and cyber crime at www.actionfraud.police.uk
