I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Current offer is \$160

I just realized I've got 11k tokens idk if that makes it worth more or if I'll be able to work something out with the buyer. Trying to sell tomorrow night at the latest

I can not do that price. If someone else is not interested to buy it I will offer 50 for it. I would also like to see username in PM if it is possible.

Please have a look at the previous pages. Between on here, messages and chats, I've have over a dozen offers over \$50 already. And a reminder I'm not desperate for money. This was my personal account. I no longer use Reddit so I have no problem selling but it was 9 years of work out into it.

Blazin - October 13, 2022, 2:02 pm

I revoke my \$160.00 offer, OP has been playing games with me for the last week+ and now he put himself on vacation.

Wanted to buy the account but OP wanted to do the deal without a contract offsite, or on another forum / MM.

He gave me a bunch of excuses like, "Man, it's only \$160" "It's a reddit account it's not serious"
I told him money is serious. While we were discussing the deal he vacation banned so we were talking on discord.

Idk, I'll prob look for other sellers, as dealing with the user was a pain to say the least.
