Thread: [Become a \[BRAND NAME REMOVED\] God ~ Verification & Bio Method \[3 COPIES LEFT\]](#)

SIM-2327840 - July 19, 2022, 10:00 am

Do you want to abuse [BRAND NAME REMOVED] like 2020 again?

With my method you will be able to run your own accounts, verify them and put your desired social media in bio and get hundreds of adds of each account you make. I will be teaching you the full setup and then you can get into making your accounts on your own after 1 hour of mentoring. I will also provide the sources for the best sms numbers, proxies and all tools you will need to ensure the most lasting accounts.

Q: Do I need to buy gold to make this work?

A: Its recommended to buy upgrades, boosts to make the most out of your accounts.

Q: How much time does it take to get verified?

A: 4-20 hours, usually around 8 hours.

Prices:

1st copy 480\$ SOLD.

2nd copy 500\$

3rd copy 500\$

4th copy 550\$

I bought this method yesterday. I've had different "methods" in the past which werent so great however this method stood out as soon as Mao started explaining it. I've got really basic experience with [BRAND NAME REMOVED], I'm not a pro.

After the explanation I executed the method and got things set up, it took me about half an hour to get the whole account set up following the procedure and then I just had to wait for verification.

I've logged in to the [BRAND NAME REMOVED] account today and was greeted with a blue checkmark and everything fully functional with adds coming through to my Snap.

Mao was very helpful, he helped with most of the process, he's online most of the time and doesn't leave any detail out. He's got tons of experience in this field and knows answers to questions that are out of the box.

\$480 dollars for a [BRAND NAME REMOVED] method sounds ridiculous especially when there's people selling them for \$200 dollars, however this method is the best I've used so far, and if I ever got the chance to buy this method after what I've seen today, for \$1000, I'd pay for it without thinking twice.

I'll be updating this in the future with more info once I've ran multiple accounts.

I bought all the reselling rights from [SourceCode101](#) .

T.O.S

No refunds after getting the method.

No reselling, sharing or any kind of group buying (you share the method->gets patched->your issue).

You MUST follow all the instructions and steps in method, I am not responsible if you aren't willing to.

I do not condone any kind of illegal monetization techniques with using this method, you may only use content you got the rights to use.

I'm selling only the verification badge method, no how to optimize stuff, buying boosts etc.

I can change the TOS any time without any notification.

You cant sell traffic services or verified accounts after buying my method.

No trash selling, questions that will reveal any part of method (Is this "that or this" etc).

After you create your first verified account, I don't have any responsibility if this gets patched (I doubt it will anytime soon).

You are forced to use AnyDesk/TeamViewer to fix any of your problems/issues (if you get any) If you can't let me in your PC to be sure your are executing the steps correctly I cant help you.

I see that you post only sell a method to add the snap in bio and verify the account, but does your method explain how to create women accounts currently? Thank you

I'm interested about your method, maybe you can help me about theses questions :

- Does this method could be patched soon?
- The success of creating a female account without ban is 100%?
- Do you accept MM?
- Does it require an additional budget?

Thank you!

- How could I know, I dont work at [BRAND NAME REMOVED].
- If you dont fk up something your acc will be fine, there is no 100% in [BRAND NAME REMOVED] since they are tons of variables.
- No, if you think my account isnt trustworthy dont buy.
- Proxies, sms all you need for the acc. Optimizing the amount of adds you get is another matter.

Not sure mate, transferring it to buyer could easily cause a ban so I don't want to get into this.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
