I don't have bytes to pay RN, but I can provide you with free 1 year Russian DMCA ignored Hosting! When the bytes roll in, I will be more than happy to give out some to you!

If anybody feels like helping me then they can wear my signature!

With lots of love.. ...

I have dropped a small text version of your signature into my own which I shall keep up for a few days, or until I can be bothered to remove it.

It isn't much but everything counts.

Good luck with sales.
