Huf* is interesting, what are you looking for it? And assuming it's phone changeable

Not sure, I've had it for a really long time. I also have one more that's way better but I probably won't be selling it.

for that one I'm just taking offers right now, if you'd like to offer a price I'll keep it down but if it's good enough I might take it.

What do you mean by phone changeable?

Recovery changeable, same as OGE but since it's the email.
