I had a deal with getting a crypto dashboard site made for 500\$ and 10% partnership.

Deadlines kept getting pushed and progress was insanely slow.

Now with 3 open disputes, Waffle seems to have stopped responding to me on Discord as well now.

I paid 300\$ upfront.

2nd time to get scammed now for the same project.

Out of 1050\$ now.

Well, seems like a exit scam.

There are a total of 4 new disputes today.

You can now kiss goodbye to your funds for the second time.

Sad part is, that Waffle. was wearing the Warriors userbar when he did this lol. Also claims that someone was pretending to be a leader in the same group and got him to buy \$600 worth of itunes gift cards.

Yeah, it is quite a shame that this happened. He was messaging me too saying that he was scammed prior to all of this. Sorry about this OP.

What I don't understand is, he said he never sent any of the money to the guy. He just bought \$600 worth of iTunes GCs. Oh well. Hopefully it can be resolved.

Yeah I don't quite understand it. Didn't use the contract system either. I was the one that was being impersonated, that's why Waffle reached out to me.

[Waffle](#). welcome back to the forum, how was your self-ban?

Hopefully you put that stolen money to use.
