Any other sweats still playing Cold War? Vanguard never grew on me, too similar to Battlefield play style imo.

Let me know if any of you want to play.

I don't have Cold War installed right now but I can install it again if you want to play.

Would definitely love to run it with you, especially if you're not ass cheeks at FPS!

My guy, you gotta check some of the screenshots posted. We drop gunships before the half ends on Domination bro.
