Thread: [\\$200 / Per Day - Crypto Money Making Method -> Refund -> MM Accepted](#)

Jemes - July 27, 2022, 1:04 am

Dear HF,

Thank you, hack forum being a part of this community,

This is my first sales thread; I'm new to HF but not for Crypto.

Today going to present a unique method to make money online in the crypto industry,

It's related to making money with pancakeswap.

One-time setup cost \$199 (Middle Man Accepted)

1. 25% Profit share in every successful swap.
2. \$500 minimum capital requirement (No need to invest anywhere, just hold as a crypto token)
3. Setup time is 24 hrs to 48 hrs based on my availability.
4. Swap time 12 hrs to 36 hrs based on swap possibility.
5. Profitability minimum 5% of the capital to 200% (based on opportunity)
6. The method is not related to arbitrage.
7. 100% Legal method.

Is this method just us investing in high APY staking yields? Seems so

For MM deal, do you accept until \$199 is made back?

Quote:1. 25% Profit share in every successful swap.
5. Profitability minimum 5% of the capital to 200% (based on opportunity)

So there's no guarantee that it'll make \$200 a day and we also send 25% of our profits to you?

Isn't this just waiting for new bob coins to list and buying early? Seems so honestly.
