You can choose a super power but the first person to reply can choose a side effect.

Run as fast as the flash ?

Everytime you do it you +1 yr is added to your life

LeetSpeed - August 2, 2022, 9:00 pm

I'm going to go with cellular regeneration(Like Cell from DBZ).

But every time you repair damage you reverse in age, like Benjamin Button. Eventually you'll end up as a gamete.

I'd choose invisibility.

Time control or just be like the flash. This ultimately gives you every other power or at least the illusion of it.
