Thread: [Favourite Clothing Brand?](#)

DashPHP - August 7, 2022, 11:56 pm

Not really into brands or designers much but like in my mid teens a friend introduced me to Hollister Co and honestly almost a decade later, it's the only brand i wear.

Amazing quality, decent prices... very gym-fitting but not overly gym-fitting styles.

What brands do you wear on the daily?

Gary - August 8, 2022, 12:38 am

Mainly like Adidas stuff. Don't really care for high end clothing brands if I'm being honest.

Are those the Yeezy look alikes?

I either wear flip flops or me motobike boots when I'm out for a ride. :)

I understand this but i find that there's a balance. Cheaper clothes just won't last as long and will quickly feel uncomfortable.. Hollister Co is fairly priced and the quality is really good

Ralph Lauren is pretty good although I'm not too big of a fan of Levi's, think their jeans are pretty boring overall. I do own a couple for casual occasions, although I don't even wear jeans to most of them. Usually regular pants do the job.

Fair point right there. I personally have never purchased a clothing item or accessory over \$1000, can't imagine 7500. Maybe a watch or so, but that's it.
