Thread: [Bitgames.io Faucet BOT with Hcaptcha for cash](#)

TheLostCarlos - August 16, 2022, 9:56 am

Download Tamper monkey for browser from google extensions

Download noptcha: Recapcha and H cap solver from google extensions

Go to: <https://bitbin.it/OzX4QNzk/>

Copy Then Paste Into Tamper Monkey "NEW SCRIPT"

SAVE.

Sign up: <https://www.bitgames.io/?affid=12347024>

Go to Faucet and Let Bot run.

Bot Collects Faucet coins & Solves HCaptcha for coins

Leaving a comment here for later, I would like to hear what others have to say first.

Thank you!

Do I understand the script correct, it does fill offers for coins?

TheLostCarlos - August 16, 2022, 10:37 am

kinda,the H Cap Solver is in Offers so after doing the faucet it goes to offers, clicks H cap Solver then starts auto filling captcha
