iNviZ - August 16, 2022, 10:24 pm

Custom orange userbar and stars. Pm me if interested

Parks - August 16, 2022, 10:33 pm

A group that will always be remembered with HF. Good luck with sales bro.

Cap - August 17, 2022, 4:50 am

Sad news to see this, but I do get it. Good luck with sales man.

SIM-3323508 - August 17, 2022, 6:58 am

Sad day its up for sale, sadder day if you get a good enough offer to let it go :(

Vince - August 17, 2022, 5:33 pm

Damn, I remember my days in Infamous. Sad to see this group being sold.

?lixir - August 17, 2022, 6:23 pm

What do groups go for these days?

No one knows, I think the seller just decides.

Whatever a buyer is willing to pay. Adam is selling his group for 2k. Scrub for 2 ETH. Trappy was selling two groups for 5.6k initially, dropping it down to any offer over \$2k per group. Infamous specifically, hard to say. Does the Infamous award come with it? Is the legacy of the group part of the price? Etc.

Knowing inviz. I highly doubt any part of "infamous" comes with the group and really all your getting is the orange username. Curious to see what he wants for it.

Cooligan - August 17, 2022, 10:06 pm

This is a thread I honestly never thought I'd see, at least not anytime soon.

Will be very sad to see this group go solely for the standing it holds and has held for all these years.
Best of luck brotha [iNviZ](#)

End of an Era. Enjoy life brother.

Yin Yang - August 19, 2022, 2:52 pm
Never thought I'd live to see this coming ?

But such an awesome and forever goated group

Curious on this too.

Realizm - August 19, 2022, 8:03 pm
Crazy... this was THE most expensive group ever in HF history I believe. After this group sold the first time, prices just slowly went on the decline.

To see it on the market for a second time is... wow... so many memories. Love HF
Actually, did Judge Dredd buy this from you? I can't remember who bought this the first time. If it was Judge, then eventually I owned it, but it's been so many years...

I thought JD was given the group Complexity?

According to the wiki inviz's infamous doesn't show an previous iteration. Infamous 2.0 was changed from complexity if that's what you are thinking of.

Which turned into infamous 2.0

Edit: looks like this was at one point [Realizm](#) group, and then [Cameron](#) and after that @defunct@

and then back to inviz

Nuworld - August 20, 2022, 5:41 am

Good luck with the sale buddy.

Hate to see it go. In deed a high quality group. ?

SUI-3183372 - August 20, 2022, 9:53 am

May extend an offer. I'm a shitty leader, probably the least qualified for the job, but I like being orange.

Cameron - August 24, 2022, 3:51 pm

Didn't think I'd ever see this again in my time on HF. Sad to see it go.

Hope you and the family are well.

I never sold Infamous but sold my group spot and let JD rebrand with all of the old leaders. I would never sell the infamous group name. But yes sold for over 11k in the past but name will never be sold. I do t even care atm, I'm tired

When I bought the 2nd Infamous from JD, I thought about keeping it the same. He said it was fine if I did for the money I was paying him lol.

But I didn't because I already had the idea for Titans. Didn't need all of the history of Infamous to come with the group. But man... I almost did just for the userbar lol.

SourceCode101 - August 26, 2022, 2:06 pm

Well that was a checkmate move! Didn't see that coming. Sad to see , gl with the sales

Pretty sure BV1 got it. If not, I'd be interested for sure. I was in Infamous at once upon a time.

[SUI-3183372](#) does now own the group and it is currently not listed for sale nor was iNviZ the owner of the group at the point in time when this thread was created.

Makes sense. I hope Infamous sticks around. It's definitely been a pillar of HF for many years. I was in Complexity also before Infamous 2.0.

I read the original post, a few under it.

I didn't think to check who owns the group or anything like that or to read all the messages, thought I saw this group for sale and thought it's a sad moment, nothing special.

Yeah because commenting in my name definitely isn't low quality mate.

Next time wait or check the user you're judging before making assumptions. Thank you.

Yeah I'd imagine at least during his vacation ban nothing will be happening to the group.

It wouldn't surprise me if he came back and decided not to sell it tbh, wouldn't be the first time. I'd be happy to see Infamous stay on HF as well, 100% a legacy group at this point and after years and years being a part of the group I can say it's a great group to be a part of. Sure there's negatives with everything, I have opinions to make, etc etc., but at the end of the day I always had a great time in that group and a fair majority of people who are in it, more so the long time members of the group.
