Thread: [Group Buy GOLDSVET MRS v8.5 Build 1908 Casino Platform](#)

Shayazat - August 17, 2022, 9:55 pm

Hey everyone, hope you're having a great day wherever you are.

I'm mostly looking for a like-minded individuals interested in GOLDSVET MRS v8.5 Build 1908 Casino Platform or any other particular version of your preference for purposes of organizing a group buy in order to split the expenses between multiple group members and share the valuable and highly-sought GOLDSVET Casino Script in its latest and greatest release.

I've looked through half the Internet and found a couple of offers which lead me to believe it will be delivered and of good quality with minimal amount of missing content that I would be willing to work on or hire a developer for the project duration and complete resolution of any potential missing components, features or games that would be provided to us by the seller.

If we get 5 of us it can be a cheap \$60 buy-in per person and would happily have a powerful tool in our hands.

Please reach out via Telegram Messenger to discuss it and get it done together.

I wouldn't mind paying a low price for a copy of this.

However, the payment would have to be done from a trusted member here and using contracts.

I might find more people interested as I posted on another forum the same post for it. Could you add me to any sort of chat app like Telegram @sexgod so we are in touch and can process this smoothly.

Don't you think you've come late to the party?
