Thread: [MONEY RAIN | Whitehat & RISK FREE | NO LIMIT](#)

SIM-5205716 - August 21, 2022, 7:31 am

Welcome into my sale thread.

After many weeks into looking how to make money online I've eventually found my way. I've found one of the way that allows me to make money rain over myself; A method that can even allow me to make it rain on others.

And for this, there is no skills needed and neither any time consuming activities, at all.

Would you not be interested in getting to know this opportunity and to get yourself started ?

The method we are talking about is:

- Whitehat, taxable& Worldwide (We have to discuss for EU)
- Tested and used right now. Every day.
- 100% Newbie Friendly and Stress Free
- 99% Autopilot. Setup is less than 1h (lecture included)
- NOT : Ewhoring, gaming, CPA, Tiktok, dropshipping, softwares, get rich quick schemes (ponzi, etc).
- The potential of income starts at 1.5\$ daily and there's no limit. It's easily scalable with a little bit of time and/or with money. ----- Easily and completely legally (no greyhat is included at all)
- No dedication is needed and the best part is we can make a living from it.
- Payout is in crypto only, it's hourly and consistent.

A minimum starting investment ranging from 5 to 40\$ at most might be required.

We are talking of an opportunity that has been running for many years but is only known by a few because saturation is possible and this is why I will limit the sales to 5 copies for now and we will see how it goes. This is also due to the fact that I'm selling my method offsite.

I have been using this method constantly since about 11 days. This is my last earnings proof:

As I don't believe in vouch copies but in reviewed paid copies I will offer 2 discounted copies for the first buyers.

First copy will be offered at 55\$, second copy for 65\$ and after that the price should be fixed around 80\$.

I can only take crypto. Any stable coin is good.

Upon purchase you will be provided with 2 eBooks (made with patience).

I don't see what I can add without putting the method at risk. Feel free to ask questions but chances are I can't answer them.

EDIT: After some thinking I've choosed to drop the price, I think this will be more fair for a starting

sale. I'm also willing to go by a MM but at these conditions:

- You will assume all the fees
- The funds must be released once you have confirmed the method is as described in the sale thread.

TOS:

All sales are final. Because the method is so dead simple, no refund will be provided unless the main resource on which the method is based on ceases to work within 3 weeks after the date of purchase.

I've been off this site, actually most of all sites for a long time. I came back mostly for a android LAN networking app... but a money making guide sounds interesting.

Have not had a job in 14 months and my "vacation" can't last much longer without some financial gain, even minor\$.

I'll take a leap of faith and buy a copy.
