Thread: [\[ESTABLISHED\] PREMADE SHOPIFY DROPSHIPPING STORE](#)

GKL.HF - August 21, 2022, 11:26 am

I'm selling my dropshipping store so I can pursue other ventures.

The product is a proven winner and this store has sales from TikTok/reels organic. I haven't experimented with paid ads, but even with organic it has generated multiple sales and 800k+ organic views

800k+ organic views but \$190 in sales?

The majority of views are Insta reels which aren't as high quality in E-Commerce sense as TikTok. A lot of views were before my site was optimised too.
