Hi Guys,

How are you spreading ?

What is the best way for you to do it ? And which one do you prefer ?

Youtube ? Your own Website ? Forum & discords ?

Thanks

Landing page, YouTube, emails, forums and so much more.

Just try a few out that are possible for you.

Thanks for your answer.

I'm trying rn Youtube with hacks for video games & use YTmonster to rank up the videos.

But i'm curious if you have easy ways to do it :)

Thanks a lot

Take your time with upvoting the videos and views so quickly. Gets detected quite fast if not done properly.

Oh ok ! Thanks for the advice. I'm trying my time with it... but sometimes i feel it's not really efficient if it's not going fast :/
