Thread: [Looking for info on hiring content writers / blog post writers](#)

**tripleseven** - August 23, 2022, 11:46 pm

Hey HF,

Have been looking around to find what the best place is to hire writers, i need niche specific, well researched articles so i was wondering where to find the best quality writers. Problogger, upwork, writeraccess?

Hoping to hear some real world experience.

You've been asking it in the wrong section. Probably why you haven't received any replies yet.
