[Have] \$55 Binance.com GiftCard

[Want] \$50 UB3R Permanent

[contract=tid]Start Contract[/contract]

Truth - August 31, 2022, 2:08 am

cant you just redeem it and pay for uber?

or is there that kyc garbage required

The fees just to withdraw from binance is enough to buy a big tasty menu, this thread is optional, I can just escape with LTC or else, I just don't mind extra contract rating

With a binance debit card you can pay for uber without fees. Don't really see a problem here OP.

Oh fuck I thought you were talking about uber / uber eats hahaha. Please ignore this whole comment haha

skull - August 31, 2022, 8:15 am

I'll do this for you ??

Make a contract if you still need it
